

# Fauve Series Flood Lights

## BIL-131-x

### Overview

Our Fauve Series LED floodlights, which comes in either warm white or cool white, are capable of high performance and lumen intensity. They are ideal for use in large outdoor areas such as external walls, gardens, shipyards and sports fields. Encased in an aluminium alloy die-cast and with a tempered glass cover, our IP 65 standard floodlights are both robust and functional in every sense, able to adequately replace traditional halogen 150W floodlights.

### Key Features

- Adjustable high-powered LED floodlight made of aluminium alloy die-casting and tempered glass, providing high lumens and performance in various weather conditions
- IP 65 water-resistant standard.
- High lumen-to-watt ratio (56-65 lm/w) makes it an ideal replacement for the typical halogen floodlight
