

# Samara Series Street Lights

## BIL-129-x

### Overview

The name "Samara", which originates from the Latin derivative for "Elm Tree", is an ideal personification of Bonjour Odyssey's vision of a green future. The Samara Series street lighting is capable of replacing traditional street lights, as well as reducing operating and maintenance costs by more than 60%. Elegant, cost-saving and with an incredibly long lifespan, this is one Elm Tree that we will be seeing more of in years to come.

### Key Features

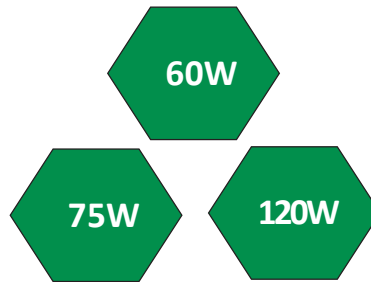

- High-powered LED streetlight made of aluminium alloy die-casting and tempered glass for performance in the harshest conditions
- IP 66 water-resistant standard.
- Ideal replacement for mercury street lamps. High CRI ensures better contrast, increasing road safety for all users.
