

Fauve Series Aesthetic Lighting

BIL-172-x

Overview

Our Fauve Series LED floodlights, which comes in either warm white or cool white, are capable of high performance and lumen intensity. They are ideal for use in large outdoor areas such as external walls, gardens, shipyards and sports fields. Encased in an aluminium alloy die-cast and with a tempered glass cover, our IP 65 standard floodlights are both robust and functional in every sense, able to adequately replace traditional halogen 150W floodlights.

Key Features

- Adjustable LED floodlight made of aluminium die-casting, providing high lumens and performance in various weather conditions
- IP 66 water-resistant standard.
- Good for use in a garden setting where lighting can be inserted into a grass floor-base as opposed to concrete
